These plans are subject to such engineering
changes as may be required by the Federal Highway
Administration or the Chief Engineer.
Construction is to be carried on in accordance
with these plans and the Standard Specifications
for Highway and Bridge Construction dated
January 3, 1972 as approved by the Federal Highway
Administration on December 28, 1971 for use on
this project, including all subsequent revisions and
such revised specification and special provisions as
are incorporated in these plans.
