

BRID
INSPEC
AHEAD

A photograph of a white rectangular sign with a black border and rounded corners, mounted on a metal post. The sign is positioned on a bridge, with a red metal guardrail visible in the lower foreground. Above the sign, a yellow illuminated chevron sign is partially visible. The background consists of a dense forest of trees with autumn foliage in shades of yellow, orange, and brown. A small stream or river flows through the forest in the distance.
