

A photograph showing a close-up of a concrete structure, likely a bridge or overpass. The concrete is light gray and shows significant signs of aging and weathering, including numerous brown and orange rust stains, particularly along the edges and joints. A metal bracket or support piece is visible on the left side, attached to the concrete. The background is a bright, overexposed sky. The date "10/02/2020" is printed in orange text at the bottom center of the image.
