07/06/2020

A photograph of a concrete wall, possibly part of a bridge or a large structure. A rectangular metal plate is bolted to the wall. There is a vertical crack in the concrete above the plate, and some orange-brown material, possibly rust or paint, is visible along the crack. The wall is covered in green moss or algae. A date stamp "07/06/2020" is visible in the bottom right corner.
