To City Council,

Enclosed is your Certificate of Highway Mileage for year 2004.

During this past year, we were informed of possible changes that would affect overall road mileage.

We received a map and letter from Stephen Fraser, City Mapping Specialist, stating that the following are city streets:

Fifth St
Scampini Sq
Cleveland Ave (incl. Harrison Ave?)
Andrews Ct

We currently have these streets coded a private roads in our GIS and thus have not been showing them on our map of Barre that documents town or city streets

If these are city streets open to public travel, please add their mileages as 'new highways' on the certificate and include documentation of their acceptance as city streets. If these mileages are added, Barre state aid for class 3 mileage will slightly increase.

If you have any questions, feel free to call. Thank you.

Sincerely,

Michael Eling
