## GREEN MOUNTAIN HORSE ASSOCIATION BRIDLE PATHS

The roads used for these so-called "Bridle Paths" are the dirt roads which run throughout the entire State, generally higher in the hills than the main motor roads. They are soft surfaced, shady, always beautiful and very seldom used by motor cars. At present there are over 1,000 miles of these roads marked, with stops arranged every ten to twenty miles for the riders' convenience for luncheon or over night.

One can generally count on the bridle paths being in good condition from May 1st to November 1st, and in some places for a longer season. The Association marks the routes with white arrows, with the letters G. M. H. A. in green, and issues a guide book giving the names of farm houses, inns and hotels where riders and horses will find comfortable quarters. Anyone may become a member of the Association upon payment of the dues of \$2.00 a year. The guide book, maps and all necessary information as to condition of routes, expenses of a trip, rental of horses, lodgings, equipment, etc., will be supplied by the Green Mountain Horse Association, Rutland, Vermont.

The Publicity Service, Department of Conservation and Development, desires to be of help to all persons interested in Vermont and will gladly furnish information regarding hotels, boarding places, locations for summer homes, tours, recreational attractions and opportunities for hunting and fishing. The following publications will be furnished: "Vermont Hunting and Fishing"; "Vermont Tours"; "Directory of Hotels, Tourist Homes and Cabins"; "Vermont Farms and Summer Homes for Sale"; "cottages, Camps and Furnished Homes for Rent" with a list of boys and girls camps; folder, "Unspoiled Vermont." Special requests for information not contained in the foregoing are welcomed and will be answered as fully as possible. Address inquiries to Vermont Publicity Service, Department of Conservation and Development, State House, Montpelier, Vermont.

## SYNOPSIS OF MOTOR VEHICLE LAWS

### SUBJECT TO CHANGES BY LEGISLATURE

**Registration**  
Under the Vermont law a non-resident is exempt from registration of a pleasure car while in this state as a visitor, provided the state of his residence grants the same reciprocity to residents of Vermont. No permit or registration required of chartered busses.

**Careless or Negligent Operators; Speed**  
The laws of Vermont provide that a motor vehicle shall not be operated on a public highway in a careless or negligent manner, nor in a manner to endanger the safety, life, or property of any person, and the speed limit for pleasure cars is fifty miles per hour, and for pleasure cars with trailer coaches or house trailers forty miles per hour.

**Cities and incorporated villages have authority** to make special regulations relative to speed of motor vehicles provided such limit is fixed at not less than twenty miles per hour.

### Accidents; Duties of Operator

The operator of any motor vehicle involved in an accident must immediately stop and give his name, residence, license number and the name of the owner of the motor vehicle then under his control, to the party whose person or property is injured.

The operator is further required to report the accident, within twenty-four hours, to the Commissioner of Motor Vehicles at Montpelier, Vt., if there are personal injuries or the damages exceed \$25.

### Not Over Three Persons Allowed on Front Seat

A person must not operate a motor vehicle in Vermont, with more than three persons on the front seat, or in the front or driving compartment of a motor vehicle occupied by the operator of such vehicle.

In any emergency apply to the nearest motor vehicle inspector. They are for your service, aid and protection. For any information relative to the motor vehicle laws address the Motor Vehicle Department, Montpelier, Vermont.

## VISIT THE LONG TRAIL

From one end of Vermont to the other the Long Trail follows the sky-line of a two hundred mile mountain range, dipping into valleys, climbing over summits, passing through magnificent forests, sometimes skirting lakes. In all of the United States there is no foot-path like this. You Can Visit the Trail or one of the Beautiful Summits in a Single Day's Trip from Various Convenient Points.

On either side of the mountain range approach trails lead up to the Long Trail from nearby motor highways. In addition there are highways that cross the Trail itself.

### HEALTH CONDITIONS IN VERMONT

Effective July 1, 1937, all places offering lodging and meals must pass inspection by State Department of Public Health.

Vermont is justly known as a healthy state, and for years has maintained its position as a leader in the control of communicable diseases. Typhoid fever is almost unknown in this state, a result which has been accomplished by close supervision of the State Department of Public Health over all public water supplies, sewage disposal and other possible means of infection. Boys and girls' camps are visited frequently by an experienced sanitary engineer, and camp owners make constant use of the facilities of the Department whenever sanitary or disease problems arise.

Besides the sanitary engineering division, the Department maintains active divisions of laboratory, communicable diseases, tuberculosis, infantile paralysis and public health nursing, all of which are at the service of tourists, campers and visitors, receiving attention either directly at the headquarters at Burlington, or through local health officers in the cities or towns.
